Special Attractions "off the road":

Tony's Trolley to the Tioga Central Tourist Train: If your group is interested in other modes of transportation, all or some might enjoy a trolley ride out to the Wellsboro Junction where we can catch the tourist train that takes you almost to Corning, NY and back. If the timing is right, it could be a dinner train, a "Spirits"

Adult only train, or on Friday night's in the summer, an ice cream train. Or we could arrange a boat tour in the Finger Lakes which could include a meal.

Museums: We can include stops at Motorcycle and Airplane museums, The Pennsylvania Lumber Museum, or various other historical museums in the areas we are riding.

Motorcycle Shops: Many of our groups like to stop at motorcycle shops along the way to purchase souvenir tee-shirts, etc.

Catered Picnic or Barbecue: We often leave one day's meal open so your riders can choose their own, but we can substitute a mid-day or evening picnic or barbecue for one of those meals.

Special Stops for Special Group Interests: Gift shops, ice cream stops, Animal Land (a rural zoo near the PA Grand Canyon), or whatever your group might be interested in.

Winery Tours: We don't condone mixing MC riding and drinking, but we could arrange for a bus, van, or limousine tour to the wineries in the Finger Lakes.

You tell us what you and your group of riders would like to do and we'll make it happen!
